

# #1 North American Tart Cherry Supplier

CherrCo is the largest North American-based co-op of family-owned tart cherry growers and processors. Our members have delivered this powerful little superfood from harvest to table for generations.

## 60% Share of the American Tart Cherry Market

The US produces 250-300 million pounds of tart cherries annually.

## 20 Members

Working together to maximize consistent supply and quality at the lowest operational costs.

## Coast to Coast

Ensuring consistent supply along with logistical advantages over our competition.

## Trust CherrCo for:

- **Quality** at every stage of the process. We regularly audit members' processes to maintain high-quality standards.
- Plentiful and **consistent supply** matched with regional placement of process facilities.
- CherrCo members work together **sharing best practices** to improve every phase of production, fulfillment, and logistics.

## CherrCo Values:

- **Committed to community** with hundreds of thousands of dollars awarded in local scholarships
- Continuing the tradition of **family-owned and operated** tart cherry growers and processes
- Supplying **quality products** to the world
- Focused on **employees**, our **most valued asset**
- **Sustainable and responsible** farming and processing practices

## Montmorency Tart Cherry

# THE Superfood

Montmorency tart cherries are different than the rest of the bunch. Grown on CherrCo members' family farms in North America, Montmorency tart cherries are truly "The Cherry With More", with their on-trend sweet-sour taste and unique nutrient profile.

## The U.S. Montmorency Tart Cherry

- Soft red skin
- Translucent flesh
- Bright red when harvested, and retains that bold color when dried, frozen or juiced.
- Naturally low degree of Brix
- Studied more than any other type of cherry
- More than 50 studies supporting the potential health benefits

## Health Benefits

- Reduces muscle soreness after exercise
- Fights inflammation linked to arthritis and gout
- Reduces risk of heart disease
- Promotes a better night's sleep

## Nutrition Facts

- High in potassium, melatonin, Vitamin A, antioxidants, anthocyanins, fiber, energy
- One of the few known food sources of melatonin
- No fat
- No sodium
- 19 times as much Vitamin A and beta carotene as strawberries and blueberries
- 3 times the antioxidants of blueberries, pomegranate juice, and tea
